

# Clairville Labourless Looney Party

Introducing  
**Bob I Don't Kerr & Charles Rooney the Looney**  
(For believing his party supports him)

## 10 ACTIONS WHERE YOU LIVE

**We are proud to remind you of the 10 Actions we didn't act on-**

### **1. Highfield Road Development**

**Despite a colleague from the Looney Party living at Highfield Road we went out of our way to help the Developers allowing building works to commence with Zero Planning permission this will be our local planning policy if elected. Local Residents will have all development stopped using Zero Tolerance of Residents whilst our friends the Property Developers can go ahead with any and all build schemes**

### **2. Clairville Stadium**

**Despite our best efforts these past years to close down and develop this area for housing we will continue to support our friends the Taxi Companies who assist us in causing blight and damage to the common by using the land as a secondary base of operations. This is in thanks for their support in ferrying in Voters at the Middlehaven Bye Election last year.**

### **3. Eastbourne Road Shops**

**Helped promote blight and we will continue to do so**

### **4. Askham / Urswick Neighborhood Watch**

**Proud that we sat back whilst “real Police Officers” were taken off the streets in Middlesbrough to be replaced by “cardboard cut outs”**

**We will continue supporting the town centre**

**Shopping bag carriers Private Force guarding the new Middlesbrough Town Centre Red Square area and MIMA aka MIDDLESBROUGH INSTITUTE for executive members MENTAL ASYLUM**

### **5. Grovehill modernisation**

**Proud to continue in our support of the continued asset stripping of Middlesbrough Tax payers by our friends at Erimus Housing**

**We support widespread demolition to push our friends the Property Developers asset values even higher. With the creation of unaffordable housing for all the true people of Middlesbrough we hope to promote even bigger profits for Erimus**

### **6. Marton Grove School**

**Proud to support Erimus in their never ending quest to be the UK's leading RSL with the highest number of sound and solid homes boarded up in the UK. Soon we can close Marton Grove School to redevelop the land well once all the people have been forcibly removed from the area no school will be needed**

## **7. Farndale Building**

**Proud we sat back allowing another Middlesbrough History & Heritage Building going the same way as Southfield House and The Gables on Marton Road Arson Demolition Vandalism are our watch words we will continue helping Property Developers in the never ending task of widespread demolition and new builds including a new 300 bed Institute at the already overcrowded Jams Cook Hospital complex once the redevelopment of Marton Campus is complete we hope by then to have shares in the new Helicopter for private use of ourselves and colleagues at Middlesbrough Clairville Labourless Looney Party**

## **8. Bishopton Road**

**Proud we support Erimus in further demolition of sound and solid housing**

## **9. Grovehill Library**

**Proud that all Middlesbrough Libraries have been asset stripped of their books if there is nothing else we at the Clairville Labourless Looney Party is a good cooking of the books to twist reality into crazy new visions we can support for the good of us**

## **10. Longlands Road**

**Proud to support more new build development at Longlands whilst turning a blind eye and deaf ears to complaints about anti social behavior. Each time we hear this phrase anti social behavior - we do panic that the People of Middlesbrough are referring to us and our plans at the Labourless Looney Party  
We just keep on spinning the spin and talking the garbage hoping no one notices**

**What more can we say BUT –**

**Any queries any problems –**

**Don't bother getting in touch  
We are far too busy supporting our friends the  
Property Developers**
